You are cordially invited to participate in “The 14th Chulalongkorn University Veterinary Conference (CUVC2015): Responsible for Lives”. The Scientific Committee of the Faculty of Veterinary Science, Chulalongkorn University is now calling for abstracts for poster presentation at “The 14th Chulalongkorn University Veterinary Conference (CUVC2015): Responsible for Lives” which will be held at Royal Paragon Hall, Siam Paragon, Bangkok, Thailand from April 20-22, 2015. The conference will serve as a platform for veterinarians, scientists and practitioners to discuss and disseminate their knowledge and expertise. Abstracts for poster presentation in the following fields are invited:

- Infectious Diseases
- Emerging and Re-emerging Diseases
- Reproduction / Breeding / Genetics
- Production / Nutrition / Feed
- Welfare / Social / Public / Worker Health
- Food Safety
- Others

The topics included are: swine, companion animal, poultry, bovine, equine, aquatic animal, laboratory animal and others.

We look forward to receiving your abstracts and participation.

Best regards,

Assoc. Prof. Anudep Rungsipipat, D.V.M., Ph.D.

Abstract Submission Instructions
14th Chulalongkorn University Veterinary Conference 2015,
20-22 April 2015

In general
- Abstract must be in Microsoft Word format (Microsoft Word version 2007 or higher), written in Times New Roman 10 pt on A4 papers (8.5 inches x 11 inches).
- The mandatory template will give the following margins: top 2.5 cm, bottom 2.3 cm, left 1.6 cm, right 1.6 cm.
- The template will divide the entire text into two columns. The space between columns will be 1.0 cm.
- The right margin of the text will be justified.
- The entire paper cannot exceed two pages.
- All texts are in single spaced, including subheadings, tables and figures.
- Do not include page numbers or line numbers.

Organization of Abstract
1. Title (Bold in Times New Roman 14 pt) must be completed within 2 lines.
2. Authors
   - Use 10 pt Times New Roman, initial(s) followed by last name of all authors in regular typing.
   - The name of the presenting author should be in bold and underlined; the corresponding author is emphasized by an asterisk.
3. Affiliations
4. Keywords (not more than 5 keywords)
5. Subheadings
   - The paper should contain following subheadings: Introduction, Materials and Methods, Results and Discussion, References and Acknowledgement. If references and/or acknowledgement are not applied, omit these subheadings.
   - Subheadings should be in bold. Do not use capital letters.
Each subheading should be placed on a single line without any body text using a double space between the previous text and the subheading.

**Body text**

- The text should be divided into two columns and written immediately beneath the subheading (no blank line under the subheading).
- The paper should be understandable on its own.
- The text should state clearly the objective, methods, results, discussions and conclusions of the study.
- Leave single space between paragraphs. Do not use indentations.
- Use standard abbreviations. Place a special or unusual abbreviation in parentheses after the complete word the first time it is used.
- Use a dot in front of decimals (example: 0.23). Use a comma in numbers greater than 999 (example: 2,358).
- If sub-subheadings are used, they should be written in italics and followed by a colon and text in the same line (example: *Blood samples*: On day 7, blood samples were taken from…). Leave a blank line above sub-subheadings.
- References should be numbered in the order they are mentioned in the text.

Cite references in the text by placing the number in parentheses, for example: (1)

**Content in subheading**

**Introduction:** The problem(s) under investigation or proposed hypothesis.

**Materials & Methods:** Experimental methods used (including microorganisms and/or samples).

**Results:** In summary form, with sufficient quantitative data and statistical tests. Summary such as “to be completed” or statements as such are not acceptable.

**Discussion:** Summary of findings that are supported by the results (statement such as “The results will be presented and discussed” will not be accepted).

**References**

- In the list of references, references should be written and numbered in the order they are mentioned in the text.
  - Do not leave blank lines between the references.
  - Titles of the references should be omitted.
• In case of more than two authors, use only the last name of the first author, followed by et al.
  • Year of the publication should follow the authors’ lastnames.
  • Use abbreviations on names of journals.

Tables and figures
• Figures and tables must not be wider than a text column and should be suitable for printing in black and white.
• Colored photos may be used but should be suitable for printing in black and white.
  • Table headings should be written above the table.
• Figure headings should be written below the figure. • Write “Table 1” and “Figure 1” in bold. The rest of each table/figure heading should be in regular typing.
• Limit the number of lines in tables. Avoid vertical lines if possible.

The deadline for full paper submission (poster presentations) will be in March 15, 2015. Online submissions are available via the congress website at www.vet.chula.ac.th or Dr. Anudep Rungsipipat, Chair of the Scientific Committee, email: CUVC2015@gmail.com. (Completed personal details (Form in Page 5) must accompany the abstracts submission)
Personal Details

Note: * must be filled
Guideline for Poster Presentation

Each poster will be allotted a standard board. The physical dimensions of the standard poster display board will be 100 cm. wide and 200 cm. high, being presented in a vertical position. It is advised that actual usage area of the poster display board should be about 80x 120 cm, leaving the lower area of the board approximately 50 cm from the floor unused.

Your reference code number will be marked on the board for setting up your poster. A poster should be self-explanatory, clear and specific, and presents the material logically and legible. The title should be completed in a line and on the top of the poster, followed by the author (s) and affiliation Paper then the author (s). Illustrations, charts, graphs and photographs used may be similar to those used in making slides, although the lettering should be large and easy to read, approximately 1.0 cm. high.

The poster session is as important as oral presentation as more details can be discussed in a longer period of time

All posters will be displayed along the conference room 8.00-17.00 hrs. from 22-24 April 2015. The authors will be available for discussion on appointment. Please also post your availability on your poster board (to be announced).
